THE BAD BOY.

"Helfo, got back again, have you!" said the groceryman to the bad boy, as he came in the store looking tired, with his clothes soiled, and a general appearance of having been sleeping in freight cars with cattle. "Your pa told me he expected you had run away for good and that rou might not out?" asked the grocery man, with 'Helfo, got back again, have

man, as he charged the herring old old in the far of country, and and crackers to the bad boy's father. "You don't mean to tell me they went back on the teachings of the good book, and warmed your jack-

"You have guessed it the first time." said the boy. "This prodigal son business is all right in theory, but in practice it's a dead failfrom a wash basin, properties by the corresponding and the minister told as Sunday school the lesson was about the prodigal son, and the minister told as all about how the boy took all the money he could acrane up and went away to a distant country, and painted the towns red, and spent his money like a countryman at a circus, and how he took in all the sights, and got broke, and got home gry and took a job at the stock yards feeding pigs, and he was so hungry he used to help the pigs and the was so hungry he used to help the pigs and the was so hungry he used to help the pigs and he was so hungry he used to help the pigs and he went home expecting to be fired out, but his pa was tickled to see him, and set hip a free funch of said on the ladf shell, and hungged the boy, and made him feel bulk. When we got home na and matalaked about the lesson, and pa said it was one of the most tonching thing he ever heart, and told me to think of it, and it would do me good. Well, the more I thought of it the more I foll like trying the business on, and I told my chum, and he said, he hadn't had any vecation and he would go of prodigaling with me if I would go and wese a good time, and come back and be received with open arms, Well, we got all our mensey together, and a brakenan on a freight train, that goes to our church, our change and he would say a specific train, that goes to our church, be arrived the round that goes to our church, our change and he would go of prodigaling with me if I would go and week could see the country. And have a good time, and come back and be received with open arms, Well, we got all our mensey together, and a brakeman on a freight train, that goes to our church, be read to the country and have a good time, and come back and be received with open arms, well as the country and have a good time, and come back and be received with open arms. Well, we got all our mensey together, and a brakeman on a freight train, that goes to our church, be an additional to a specific train the stock of the countr sand varyould see the country, and shall see the country, and shaws a good time. And come back and be received with open arms.

Well, we got all our sense together, and a brakeman on a freight train, that goes to our charch, because his wide sings in the choose, and wo seem to Chinagan. And the said some well that would not us in the cathoose, and wo seem to Chinagan. And the said some well that would not us in the cathoose, and wo seem to Chinagan. And the said some well that would not us in the cathoose, and wo seem to Chinagan. And the said some well that would not us in the cathoose, and wo seem to Chinagan. And the said some well that would not us in the cathoose, and wo seem to Chinagan. And the said some well that would not use that the said some well that would not use the control of the said some well that would not use that the said some well that would not use that the said some well that would not use the said of the said some well that would not use the said of the said some well that would not use the said of the said some well that would not use the said of the said some well that would not use the said of the said some well that would not use that the said some well that would not use that the said some well that would not use the said of the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use that the said some well that would not use th and began to play the bass drum on my clothes with his feet. I never was so annoved in all my life, honestly. It was not the treatment I had a right to expect, after they had told me about the prodigal son of ancient times. As quick as I could catch my breath I asked pa what he thought the predigal son of the bible times would have that' if his pa had mauled him when he

came home, and what kind of

story it would have made, if it had

told about the old man taking him

by the neck and kicking him all over the room, instead of falling on

him a veal pot-pie. Pa said be LEGAL ADVERTISEMENT. wasn't running any old back numher prodigal sons, and he thought

of having been sleeping in freight cars with cattle. "Your pa told me he expected you had run away for good and that you might not come back. Where you been ?"

"Chicago," suddishe boy, as he took out a toad stabber knite and proceeded to take the ulster off smoked herring. Been playing Prodigal son, in two acts. But times have changed since that young fellow in the Bible went off on a tear and the old folls killed a young cow for him to sait and fell on his shirt collar and cried down the back of his neck. They don't receive prodigal sons that way in our ward. They fill a prodigal son, in the house to make a sandwich."

"I thought four folks were pious, and were inclined to overlook anything," and the perceptions, and were inclined to overlook anything," and the perceptions, and were inclined to overlook anything," and the perceptions of the prodigal in the far off construy, and overlook anything," and the perception of the prodigal in the far off construy, and overlands of the prodigal son as he charged the herring and creckers to the bad boy's father.

They fill a prodigal son's coat tail full of boots, and he can't find cold veal enough in the house to make a sandwich."
